Last Week

Last week the Meander Valley Schools Concert was held at the Westbury Sports Centre. There were six schools participating in the concert and there was a high standard of talent demonstrated by many of the students. There were approx 530 people at the concert and the gross profits from the door and kiosk were \$1390. The money raised will be donated back to the participating schools for further development in the area of the arts.

AGFEST

Agfest was a complete success and an improvement on the previous years. The club made profit from various areas of including gate keeping, selling of woollen jumpers and the food tent. The total gross profit for the week was \$11,347 with the net profit still to be determined. Well done to all involved and particularly to Rob and Jane Dent.

**HAVE YOU
REGISTERED FOR THE
