BOX COLLECTION DETAILS

Once your filled boxes are returned to your Club, you will want to send them to the central storage point as soon as possible.

The best and most cost effective way to do this is have a member of your Club deliver the boxes

If large quantities are involved ,sorting into categories will help and shrink wrap or bind.

A number of clubs in an area 'group' may elect to do this together and arrange transport.

'Tasmania's' Own Redline Coaches will also transport the boxes. Special vouchers are available to allow free transport.

Storage arrangements:

The District has storage containers at

Hagley (North)

and

Rokeby (south)
