# ROTARY INTERNATIONAL DISTRICT 9830

## Presidents Message

03 March 2011

*To the Rotarians of District 9830*

My dear brothers and sisters in Rotary:

More than 75 years ago, Rotary's founder, Paul Harris, wrote, "The world is constantly changing, and Rotary must be prepared to change with it." It is a truism that has held through decades and across continents, in tens of thousands of Rotary clubs throughout the world.

Change is why we are here, and what we strive for. We are not satisfied with the lowest common denominator, for Rotary is anything but common. We see the world not as it is, but as it might be; and we believe, as Mohandas Gandhi said, that we must be the change we wish to see in the world.

In your clubs and your homes, throughout your district, each of you has the potential to be the change of which you dream. In this Rotary year, as we *Reach within to Embrace Humanity*, I ask all of you to strive without fear or limitation, to open your minds and your hearts to the possibilities of Rotary service. Do not hesitate, do not falter; rather stay steadfastly on the path that is set forth for you. Let me paraphrase the poet Robert Frost and say ...

But I have promises to keep,  
And miles to go before I sleep,  
Let's enjoy the journey.

Sincerely,

Kalyan Banerjee  
President, 2011-2012

### District Governor Nominee Bruce Buxton (Gill)

- Rotary Club of Devonport North
- President, Rotary Club of Devonport North 2003/04
- Assistant Governor 2008/09 and 2009/10
- District Secretary 2010/11
- District Director Club Service and Administration 2011/12

Bruce has lived in Devonport for over 50 years and has been a member of the Rotary Club of Devonport North since 1998. Married to Gill with four adult children between them, they enjoy a happy blended family relationship with many a full house of family members and partners.

Bruce has enjoyed many roles during his membership of Rotary, both at club and district level. Serving on the Rotary Club of Devonport North Board for 9 years (not continuous) saw the development of many major club projects and programs which are now very much part of the club's annual activities

At District level, the role of Assistant Governor for two years with 6 active and vibrant clubs in his group was a very satisfying experience. District Secretary to District Governor Ted Richey in 2010/11 gave Bruce an insight into the workings of clubs within the District.

Working for the same agricultural and industrial machinery sales company for over 45 years, Bruce retired in 2009 and has been busy since then with Rotary and community work.

Gill is a Past President of the Inner Wheel of Mersey and a Charter Member. She has been state coordinator for Cord Blood fundraising for a number of years. Gill worked for many years as an interviewer with the Bureau of Statistics and then after retiring from that position commenced her own business selling Lingerie. In their rare spare time Gill enjoys craftwork whilst Bruce enjoys photography and bushwalking. They have travelled overseas together three times, once on a return visit to a USA Rotary couple they had previously hosted on a friendship exchange.

**LEARN <> GROW**

A unique Tasmanian initiative which is providing an avenue for Rotary world-wide to make a tangible contribution to hunger and malnutrition in developing countries. It is based on the Food Plants International [FPI] database created by Tasmanian agricultural scientist, Bruce French.

In these communities many local plants are nutritionally superior to "western" food crops. Local plants thrive because they are naturally adapted to local conditions. If the chronic malnutrition deficiencies in a population are determined, it is easy to use the database to identify and grow a wide variety of local plants with the richest source of these missing nutrients.

RI has now accepted Learn <> Grow as a Rotary Action Group (RAG) under the title Food Plant Solutions Action Group.
